Sub: Education- Polippu school- Construction of a coir school- Permission- Request of

--

The Assistant Director (C) reports that a temporary shed is required for the Pollipu fisheries school to conduct coir handicraft and that the building owners are prepared to construct a shed on an assurance of ~~rent~~ rent being paid as assessed by the Public Works Department.

The present strength of the school is 188 and the average attendence 166. The accommodation available in the building is for 150 pupils. Proposals for raising this school to the Higher Elementary grade have been submitted as a Part II scheme for 1949-50 in this office letter No.9060/H5/48 dated 27-9-48. If this is sanctioned there will be an increase in the strength and average attendance. It is now proposed to construct a shed to conduct classes in coir handicraft for 95 pupils. The present rent of the building is Rs.27/- p.m. Vide G.O.No. 987 Development dated 7--3--44.

In the circumstances, I request that permission may be accorded to the house owners of the building in which the Pollipu Fisheries school is located to put up a temporary shed to accommodate 95 pupils in coir handicraft on an assurance of rent being paid as assessed by the Public Works Department.

V. Venkatarayudu
